EDUCATION

Indira Gandhi Delhi Technical University for Women (IGDTUW)

Delhi

B.Tech in Computer Science Engineering (Artificial Intelligence); CGPA: 8.61/10.0

Aug 2024 – June 2027

Dr. B.R. Ambedkar DSEU, Shakarpur Campus-I

Delhi

Diploma in Computer Engineering; CGPA: 8.50/10.0

Aug 2021 – Jul 2024

Government Girls Senior Secondary School, Bijwasan (CBSE)

Delhi

Class X; Percentage: 87.6%

Apr 2021

TECHNICAL SKILLS

Languages: Java, Python, C++, SQL

Web Development: HTML, CSS, JavaScript

Libraries & Frameworks: NumPy, Pandas, Matplotlib

Tools: Git, GitHub, VS Code, Figma, Google Colab

Core Subjects: DSA, OOPS, OS, DBMS, SDLC

PROJECTS

Movie Recommender System | Python, Pandas, NumPy, Scikit-learn, Streamlit

- Developed a content-based movie recommendation system using movie metadata and similarity analysis.
- Processed & analyzed datasets using Pandas and NumPy, & implemented recommendation logic with Scikit-learn.
- Built an interactive Streamlit interface for real-time movie search and recommendations.

Face Recognition Based Attendance System | Python, OpenCV, NumPy, Pandas

- Developed an automated attendance system using face detection and recognition through a webcam.
- Implemented dataset collection, model training, and real-time recognition workflows using OpenCV.
- Recorded attendance with timestamps in CSV format for easy tracking and management.

All-in-One Calculator | HTML, JavaScript, CSS

- Built a multi-functional calculator featuring BMI, Age, Currency, Temperature, Discount, & Percentage calculations.
- Implemented real-time calculations, input validation, and a responsive user interface.
- Used reusable React components to improve code organization and maintainability.

Typing Speed Test Application | HTML, JavaScript, CSS

- Developed an interactive typing speed test application to measure typing speed and accuracy.
- Implemented timer-based tracking, dynamic WPM calculation, and real-time performance feedback.
- Designed a responsive interface to provide a smooth user experience across devices.

INTERNSHIP / TRAINING

Communication Skills and Programming Fundamentals

Jan 2024 – May 2024

Tech Mahindra Foundation

Delhi

- Completed structured training in professional communication and programming fundamentals
- Gained foundational knowledge of programming concepts and logical problem-solving

Software Developer Associate (PMKVY)

Jan 2024 – May 2024

Pradhan Mantri Kaushal Vikas Yojana (PMKVY)

Delhi

- Successfully completed Software Developer Associate training with Grade A
- Learned software development life cycle (SDLC) models, built projects & strengthen problem solving skills

Frontend Web Development with AI

Jun 2025 – July 2025

IGDTUW

Delhi

- Developed and enhanced responsive user interfaces using HTML, CSS, and JavaScript
- Implemented frontend features based on design specifications and user requirements

ACHIEVEMENTS

Solved 500+ problems on Coding Platforms, Ranked in top 10% in college coding competition, Participate in Smart India Hackathon 2025, Research Paper Accepted by DASGRI 2026
